- (f) § 3000-305 (Architect-Engineer Services).

§ 3000-205 Competitive Sealed Bidding

- (a) Invitation for Bids. An invitation for bids shall be issued and shall include at the minimum:

- (3) Name, address and location of issuing office;
- (4) Specific location where bids must be submitted;
- (5) Date, hour and place of bid opening;
- (6) A purchase description in sufficient detail to permit full and open competition and allow bidders to properly respond;
- (7) Quantity to be furnished;
- (8) Time, place and method of delivery or performance requirements;
- (9) Essential contractual terms and conditions; and
- (10) Any bonding requirements.
- (b) Public Notice. Adequate public notice of the invitation for bids shall be given a reasonable time prior to the date set forth for the opening of bids. Publication of notice shall be on the school website over a continuous period of four weeks shall be deemed to be adequate notice.
- (c) Bidding Time. A bidding time of at least four weeks shall be provided, unless the Procurement Officer determines in writing that a shorter period is necessary.
- (d) Bid Receipt. All bids shall be submitted to the Procurement Office. Bids shall be received prior to the time set for opening and shall be maintained sealed in a locked receptacle at that office. If a bid is opened by mistake, it shall be resealed and the person who opened the bid shall write his signature and print his title on the envelope and deliver it to the Procurement Officer. No information contained in the bid shall be disclosed prior to the bid opening. The Procurement Officer shall cause the opened bid to be placed into the sealed receptacle.
- (e) Bid Opening.
- (1) The bid opening shall be conducted by the Procurement Officer at the Office of the Chief Executive Officer. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids.
- (2) The Procurement Officer shall be present at the bid opening. The bids received prior to the bid closing date shall be publicly opened. The amount of each bid, together with the name of each bidder shall be recorded, the record and each bid shall be open to public inspection. The Procurement Officer shall prepare a written summary of the bid opening.
- (f) Bid Acceptance and Bid Evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this chapter. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria as necessary to

reasonably permit a determination as to the acceptability of the bid for the particular purpose intended.

- (g) Bid Rejection. A bid may be rejected for any of the following reasons:
- (1) Failure to conform to essential requirements of the invitation for bids such as specifications or time of delivery;
- (2) Imposition of conditions or restrictions in the bid which modify requirements of the invitation or limit the bidder's liability to the Northern Marianas Technical Institute. For example, bids shall be rejected in which the bidder:
- (i) Protects against future changes in conditions, such as increased costs;
- (ii) Fails to state a price and indicates that price shall be the price in effect at the time of delivery;
- (iii) States a price but qualifies it as subject to price in effect at the time of the delivery; or
- (iv) Limits the rights of the Northern Marianas Technical Institute.
- (3) Unreasonableness as to price;
- (4) A bid from a non-responsible bidder.
- (h) Correction or Withdrawal of Bids; Cancellation of Awards. Correction or withdrawal of inadvertently erroneous bids, before or after award, or cancellation of awards or contracts based on bid mistakes must be approved by the Procurement Officer in writing. After the bid opening, no changes in bid price or other provisions of bids prejudicial to the interest of the Northern Marianas Technical Institute or fair competition shall be allowed. Whenever a bid mistake is suspected, the Chief Executive Officer shall request confirmation of the bid prior to award. In such an instance, if the bidder alleges an error, the Chief Executive Officer shall only permit correction of the bid or withdrawal of the bid in accordance with subparagraph (h)(1) or (h)(2).
- (1) Correction of Bids. Correction of bids shall only be permitted when:
- (i) An obvious clerical mistake is clearly evident from examining the bid document. Example of such mistakes are errors in addition or the obvious misplacement of a decimal point; or
- (ii) The otherwise low bidder alleges a mistake and the intended bid is evident from the bid document or is otherwise supported by clear and convincing evidence as to the bid intended and the corrected bid remains the low bid. A low bidder may not be permitted to correct a bid mistake resulting from an error in judgement.
- (2) Withdrawal of Bids. Withdrawal of a bid shall only be permitted where the otherwise low bidder alleges a mistake and there is clear and convincing evidence as to the existence of a mistake.
- (3) Cancellation of Awards. Cancellation of awards or contracts shall only be permitted when:
- (i) Evidence as to the existence of the mistake is not discovered until after the award;
- (ii) Performance of the contract at the award price would be unconscionable.
- (i) Notice of Intent to Award. After bid evaluation, a notice of intent to award the contract to the lowest responsive bid by a responsible bidder whose bid fully meets the requirements of the invitation for bids and this chapter shall be issued to all bidders. The notice of intent to award is not a promise or guarantee of award, and the intended bidder should not incur any costs based on either the notice of intent to award or reliance of a contract.
- (i) Award
- (1) The contract must be awarded with reasonable promptness by written notice to the lowest responsive bid by a responsible bidder whose bid fully meets the requirements of the invitation for bids and this chapter. The contract cannot be awarded less than five business days after the issuance

of a notice of intent to award pursuant to subsection (i). Unsuccessful bidders shall also be promptly notified.

- (2)(i) Notice of an award shall only be made by the presentation of a contract with all of the required signatures to the bidder. No other notice of an award shall be made orally or by letter. No acceptance of an offer shall occur nor shall any contract be formed until a Northern Marianas Technical Institute contract is written and has been approved by all the officials required by law and regulation.
- (ii) Northern Marianas Technical Institute contract shall contain a clause which states that the signature of the private contractor shall be the last in time to be affixed to a contract and that no contract can be formed prior to the approval of all required Northern Marianas Technical Institute officials.
- (3) In the event all bids exceed available funds and the bid of the lowest responsive and responsible bidder does not exceed those funds by more than five per cent, and time or economic considerations preclude re-solicitation of work of a reduced scope, the Chief Executive Officer may authorize the Procurement Officer to negotiate an adjustment of the bid price, including changes in bid requirements, with the lowest responsive and responsible bidder in order to bring the bid price within the amount of available funds. The negotiation shall be documented in writing and attached to the bidding documents.
- (4) Warranties. Any contract awarded by NMTI must state a warranty of goods, services or construction for a minimum of one year.

§ 3000-210 Small Purchases

Any procurement not exceeding the amounts established herein may be made in accordance with small purchase procedures. However, procurement requirements shall not be artificially divided so as to constitute a small purchase.

- (a) Purchases that use Government-sourced funds (local funds), or any combination of both local and federal funds, may be made according to the small purchase procedures of this subsection:
 - (1) For purchases that do not exceed \$5,000 at least one price quote shall be obtained. However, the Procurement Officer may require the expenditure authority to obtain more than one price quote.
 - (2) A blanket purchase order may be used to make purchases without securing a price quote when the purchases do not exceed \$5000. The goods or services that may be purchased under a blanket purchase order must be defined (i.e. office supplies) and shall not be used for equipment. The expenditure authority shall promptly submit to the Procurement Officer copies of receipts for all purchases made under a blanket-purchase order. The Procurement Officer may instruct the expenditure authority to explain the need for the goods or services and how the prices paid were reasonable.
 - (3) For purchases that exceed \$5,000, but which are less than or equal to \$50,000, a minimum of three vendors shall be solicited to submit written or electronic quotations. The quotations shall be recorded and placed in the procurement file. If fewer than three vendors submit quotations, the expenditure authority shall certify, in writing, to the Procurement Officer that fewer than three vendors responded and shall provide written proof of the request. If

fewer than three of the solicited vendors submit quotes, the Procurement Officer may either approve the request or instruct the expenditure authority to solicit additional quotes.

- (b) Purchases from the United States General Services Administration (GSA) may be made according to the small purchase procedures of this subsection:
 - (1) At least one quote shall be obtained when making purchases, including purchases that exceed \$250,000.
- (c) A purchase order may be used as authorization for any of the small purchase procedures of this section.
- (d) Purchase orders may also be utilized instead of contracts for purchasing instructional materials, books, and publications.
- (e) This section shall not apply to lease or purchase of vehicles, machinery and equipment or to the purchase of professional services.
- (f) Construction services may be procured by obtaining three price quotations from qualified contractors. Procurement under this subsection shall be limited to renovations of existing structures, repairs, maintenance, materials, and construction equipment. No new buildings or structures shall be built using this subsection. Contracts procured hereunder shall not exceed \$30,000 and shall be accompanied by a justification, in writing, and agreed to and signed by the Chief Executive Officer.

§ 3000-215 Sole Source Procurement

- (a) A contract may be awarded for a supply, service, instructional materials or construction item without competition when the Procurement Officer determines in writing that there is only one source for the required supply, service or construction item.
- (b) The written determination shall be prepared by the official with expenditure authority and shall contain the following information:
- (1) The unique capabilities required and why they are required and the consideration given to alternative sources.

§ 3000-220 Emergency Procurement

- (a) Notwithstanding any other provision of the regulations in this chapter, emergency procurement procedures may be used where
- (1) An unusual and compelling urgency precludes full and open competition, and
- (2) Delay in award of a contract would result in serious injury, financial or other to the Northern Marianas Technical Institute. An emergency procurement must be as competitive as practicable under the circumstances.
- (b) A written justification of the basis for the emergency and for the selection of the particular contractor must be made by the official with expenditure authority. The justification must include:

- (c) Public Notice. Adequate public notice of the request for proposals shall be given in the same manner as provided for in competitive sealed bids.
- (d) Receipt of Proposals. Proposals shall be opened so as to avoid disclosure of the contents to competing offerors during the process of negotiation. A register of proposals shall be prepared and opened for public inspection after contract award.

Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals and such revisions may be permitted after submission and prior to award for the purpose of obtaining the best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors.

- (h) Award. Award shall be made to the responsible offeror whose proposal is determined in writing to be most advantageous to the Northern Marianas Technical Institute taking into consideration price and the evaluation factors set forth in the request for proposals. The award cannot be made

Persons may amend these statements at any time by filing a new statement.
- (c) Public Announcement and Form of Request for Proposals. Adequate notice of the need for such services shall be given by the official with expenditure authority through a request for proposals. - (d) Award. Award shall be made to the offeror determined in writing by the official with expenditure authority to be the best qualified based on the evaluation factors set forth in the request for proposals, and negotiation of compensation determined to be fair and reasonable. If compensation cannot be agreed upon with the best qualified offeror then negotiations will be formally terminated with the selected offeror. If proposals were submitted by one or more other offerors determined to be qualified, negotiations may be conducted with such other offeror or offerors, in the order of their respective qualification ranking, and the contract may be awarded to the offeror then ranked as best qualified if the amount of compensation is determined to be fair and reasonable.

Prior to award, the official with expenditure authority shall obtain information from the bidder or offeror necessary to make a determination of responsibility using the factors in subsection (a) above. - (c) Right of Non-disclosure. - (b) Before adding significant new work to existing contracts, the Procurement and Supply officer shall thoroughly assess whether it would be more prudent to seek competition. - (iii) The project is necessary to protect the health and welfare of the students and staff of the Northern Marianas Technical Institute.
- (2) The Chief Executive Officer must approve, in writing, any change order processed under this section.

The submission of views may include any factual statements; briefs; memoranda; declarations; and other information which is relevant and necessary for the determination of the protest.

- (3) The Chief Executive Officer shall decide the protest within five calendar days after the protest is filed unless the Chief Executive Officer certifies that the complexity of the matter requires a longer time, in which event the Chief Executive Officer shall specify the appropriate longer time. The statement shall be fully responsive to the allegation of the protest. If the award was made after receipt of the protest, the Chief Executive Officer's report will include the determination prescribed in subsection (b)(3) below. The foregoing information submitted by the Chief Executive Officer shall be considered the complete administrative record on appeal to the Appeal Committee unless the Appeal Committee supplements the record with additional testimony or evidence.
- (5) Since timely action on protests is essential, they should be handled on a priority basis. Upon receipt of notice that an appeal from the Chief Executive Officer's decision has been taken to the Appeal Committee, the Chief Executive Officer shall immediately begin compiling the information necessary for a report as provided in subsection (a)(4) above.

In the event of failure to obtain such extensions of bids, consideration shall be given to proceeding with an award under subsection (b)(2) below.
- (2) When a written protest is received, award shall not be made until the matter is resolved, unless the Chief Executive Officer determines that:
- (i) The materials and services to be contracted for are urgently required;

- (ii) Delivery or performance will be unduly delayed by failure to make award promptly; or
- (iii) A prompt award will otherwise be advantageous to the Northern Marianas Technical Institute.

The Appeal Committee may, at its discretion, allow the protesting party, noticed parties, and the Chief Executive Officer to submit rebuttals to the comments on the Chief Executive Officer's report submitted by the protesting party and noticed parties. If rebuttals are permitted, the Appeal Committee may set deadlines for their submission. - Submission of Additional Information. Any questions posed or additional information (f) requested by the Appeal Committee shall be furnished as expeditiously as possible. The Appeal Committee may set a reasonable deadline for the submission of information or responses to questions. The Appeal Committee may allow for interested parties to comment on any answers or information submitted pursuant to this subsection in a manner and timeframe it deems reasonable.
- Conference. The Appeal Committee may conduct a conference on the merits of the appeal (g) with the appellant and Chief Executive Officer. The rentals, fees, and charges for each of these Cost and Revenue Centers shall be equal to the Airline's share of the Net Requirement in each respective area of the Airport, Landing Fees and Terminal Rental Rates will be calculated annually unless otherwise modified by the Authority as provided herein.

(b) Accounting Procedure.

PAGE 048812 AUGUST 28, 2022

- For purposes of assigning and allocating costs, the Authority shall utilize generally accepted accounting practices utilized for airports operating as an enterprise fund, and include only those charges properly attributable to the Airport System.
- All rates and charges shall be at reasonable and non discriminatory rates and adjusted annually based on Authority's cost, as defined in the Airport Rules and Regulations, of the facility or service provided to and used by Airline.
- Indirect and general administrative costs shall be allocated in a reasonable, transparent cost allocation formula calculated consistently for all cost centers of the Authority.

(c) Cost Excluded.

- The portion of capital costs of facilities and improvements paid by the Federal government or other governmental-gifts-or-grant-in-aid, and-depreciation, shall not be included in the cost-factors in determining the establishment of rates and charges.
- Insufficiency of Airport System Revenues, Adjustment of Fees and Charges If at any time the Authority determines that Airport Revenues are or will be insufficient to pay. when due, all-principal-of-and-interest-and-premium-on, any Bonds-or-other-instruments-of indebtedness issued by the Authority in connection with the Airport System, any requirements of the Airport Indenture or any other expense or cost in incidental or necessary to, or arising out of, the maintenance or operation of the Airport System, including without limitation, emergency repairs or expenses, the costs of defending, settling, or satisfying any litigation which relates to the Airport-System, or any aspect thereof, or to compensate for the loss of Airport-System-Revenue, the Authority-may, upon thirty (30) days' notice to Airline, increase the fees and charges to such amount as is sufficient to assure that all-such items, expenses, and costs shall be paid in full, when due, solely from Airport System Revenues.
 - Airline shall pay Extraordinary Coverage Protection payments in any Fiscal Year in which the amount-of-Revenues-less-Operating-and-Maintenance-Expenses is projected to be less than one hundred-twenty-five-percent (125%) of the Debt-Service-requirement. Any amounts which must be-collected-for-such-Extraordinary-Coverage-Protection-payments-will-be-allocated-to-Cost-and Revenue Centers-within the Airline Supported Areas on the basis of the Net Requirement of such Cost and Revenue Centers-
 - Airline Rents, Fees, and Charges. The fees and rents to be charged by the Authority and paid by Airlines operating at the Airports for their use of the Airfields and the Terminals will be calculated using the compensatory rate-setting methods set forth in this Part 1200 (the "Rate Methodology"). In calculating the revenue requirements used to derive each of these kinds of rates and charges, the Authority shall exclude any cost (net of the cost of collection) that (a) has been reimbursed or covered by government grants or PFC's. (b) has been reimbursed or covered by any insurance recovery, condemnation proceeds or other third-party payment, or (c) has been reimbursed or is required to be reimbursed to the Authority by an individual Airline in connection with projects undertaken by the Authority at the request and for the benefit of an individual Airline. For each Fiscal Year, the Authority shall develop budgeted Landing Fees, Terminal Rental Rates, Common Use Charges and Per Use Fees (collectively, the "Airline Rents, Fees, and Charges"), Illustrative calculations of Airline Rents. Fees. and Charges are provided in Exhibit X.

- (b) Mid-Year Adjustments. If it appears to the Authority on the basis of information it is able to accumulate during the course of any Fiscal Year that the budgeted Capital Charges and Maintenance or Operation Expenses or projected levels of Airline activity it has used to calculate the Airline Rents. Fees, and Charges set forth in the Rate Methodology are likely to vary significantly (higher or lower) from actual results, the Authority may make adjustments to such rates and charges at mid-year or at such other time during the calendar year (a) as the need for such an adjustment becomes apparent to the Authority or (b) the variance between the budgeted Capital Charges and Maintenance and Operation Expenses or projected levels of Airline activity and actual results is expected to be ten percent (10%) or more. The Authority shall provide Airlines operating at the Airports with at least thirty (30) days advance written notice ("Mid-Year Adjustment Notice") of any adjustments to be made under this Section 1.02.
- (c) Year-End True-Up. Within one hundred eighty (180) days after completion of the audit for the preceding Fiscal Year, the Authority will recalculate the Airline Rents, Fees, and Charges as set forth in this Rate Methodology on the basis of actual Capital Charges and Maintenance and Operation Expenses, Airline activity and other factors affecting the prescribed calculations and shall determine the amount of any overpayment (credit) or underpayment (debit) due to or from Airline. Any resulting credit will be issued to Airline, and any resulting debit will be invoiced to and payable by Airline. Airline may request that the Authority issue a payment to Airline, instead of a credit, for all or a portion of any overpayment. Any such request must be made in writing to the Authority and the Authority shall submit a payment for the amount requested within 90 days of receipt of the request.

A new § 90-20-1060 entitled Ratification of Unauthorized Commitments is added to MVA's Procurement Rules and Regulations as follows:

"§ 90-20-1060 Ratification of Unauthorized Commitments.

- (a) Definitions.
- (1) Ratification, as used in this section, means the act of approving an unauthorized commitment by the expenditure authority who has the authority to do so.
- (2) Unauthorized commitment, as used in this section, means an agreement that is not binding solely because the MVA representative who made it lacked the authority to enter into that agreement on behalf of the MVA.
- (b) Policy. MVA shall take positive action to preclude, to the maximum extent possible, the need for ratification actions. Although procedures are provided in this section for use in those cases where the ratification of an unauthorized commitment is necessary, these procedures shall not be used in a manner that encourages such unauthorized commitments to be made.
- (1) Subject to the limitations in paragraph (c) of this section, the Expenditure Authority may request the Board of Directors to ratify an unauthorized commitment.
- (2) Limitations. The authority in paragraph (b) of this section may be exercised only when:
- (i) Supplies or services have been provided to and accepted by the MVA, or the MVA otherwise has obtained or will obtain a benefit resulting from performance of the unauthorized commitment:
- (ii) The Expenditure Authority had the authority to enter a contractual commitment;
- (iii) The resulting contract would otherwise have been proper if made in a manner approved by these regulations;
- (iv) The Board of Directors determines the price to be fair and reasonable;
- (v) The Board of Directors recommends payment, and the Attorney General concurs in the recommendation;
- (vi) Funds are available; and
- (vii) The ratification is in accordance with other limitations prescribed under these procedures.
- (c) Ratification Requests. The Expenditure Authority shall submit a ratification request to both the Board of Directors and the Attorney General.
- (d) Criminal investigation. Generally, the MVA is not bound by commitments made by persons with no contracting authority. Unauthorized commitments may violate laws or regulations. They constitute serious misconduct and may warrant disciplinary action or other sanctions. If unauthorized commitments involve any type of misconduct that might be punishable as a criminal offense, either the procurement officer, the managing director or a member of the board of directors shall report the matter immediately to the Office of the Attorney General.
- (e) Documentation Required for Ratification. When submitting a ratification request, the Expenditure Authority shall give the Board of Directors all records and documents concerning the commitment, including a complete written statement of facts that explains:
 - (1) Why normal acquisition procedures were not followed;
 - (2) Why the contractor was selected;
 - (3) Identifies other sources/vendors considered;
 - (4) Description of work or products;

- (5) Estimated or agreed-upon contract price; and
- (6) Status of contract performance.
- (f) Processing a Ratification. After receiving a request for ratification, the Board of Directors shall prepare a summary statement of the facts, and a recommendation to the Attorney General whether the procurement should be ratified. For the reasons stated below, the Department's Determination dated June 18, 2019 is **AFFIRMED**. Appellant is not eligible for disaster unemployment benefits for the entire Disaster Assistance Period (week beginning October 28, 2018 to week ending April 27, 2019).

II. JURISDICTION

The Disaster Unemployment Assistance program (DUA) was established under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) (42 U.S.C. 5121), as amended. By Executive Order No. 12673, the Federal Emergency Management Agency (FEMA) was delegated the responsibility of administering the Stafford Act and FEMA further delegated the US Department of Labor in administering the DUA program and payment of DUA benefit assistance, in conjunction with the applicable state agencies. Effective April 6, 2022 and in accordance with 20 CFR 625.30(a), the CNMI Department of Labor, Administrative Hearing Office was designated to hear Disaster Unemployment Appeals stemming from Super Typhoon Yutu (DR-4404-MP).

Upon review of the records, the appeal is timely filed. Accordingly, jurisdiction is established.

III. PROCEDURAL BACKGROUND & ISSUES

On October 24, 2018, Super Typhoon Yutu devastated the CNMI. On October 26, 2018, the US President issued a major disaster declaration and made federal funding available to affected individuals. Said relief included disaster unemployment benefits to eligible claimants.

On November 16, 2018, the Department began to administer and accept applications for the DUA program. Appellant filed a claim for unemployment benefits under the DUA program for the above-mentioned disaster (DR-4404-MP). Appellant's claim was ultimately denied by the

CNMI Department of Labor and Appellant sought to appeal the Department's denial. Originally, the Hawaii Employment Security Appeals Referee's Office (ESARO) was the designated entity to decide appeal cases for this disaster. Due to the ESARO's extensive backlog, the CNMI Department of Labor's Administrative Hearing Office was redesignated to hear first level appeals on April 6, 2022.

Upon redesignation, the Administrative Hearing Office issued a Notice of Hearing. The issue on appeal is whether Appellant is eligible for DUA benefits.

IV. FINDINGS OF FACT

In consideration of the evidence provided and credibility of witness testimony, the undersigned issues the following findings of fact:

- 1. On October 24, 2018, Super Typhoon Yutu struck the CNMI.
- 2. On October 26, 2018, President Trump authorized federal disaster aid to help individuals in the CNMI recover from the onslaught of Super Typhoon Yutu. The assistance was authorized under major disaster declaration number 4404-DR.
- 3. Among other things, the declaration authorized federal aid for the Disaster Unemployment Assistance (DUA) program to individuals who became unemployed as a direct result of the major disaster.¹
- 4. The CNMI Department of Labor is the state agency responsible for administering the DUA program in the CNMI.
 - a. The Department announced the program and began to accept applications on November 16, 2018.
 - b. The Department issued a number of press releases² and published a Benefit Rights and Responsibilities Handbook³ to inform potential claimants.
- 5. With respect to this disaster, DUA benefits in the amount of \$336 per week were available for eligible claimants starting with week beginning date of October 28, 2018 and can be paid up to week ending April 27, 2019 ("Disaster Assistance Period").4

- 6. Originally, the filing deadline for DUA applications was December 16, 2018.⁵ Due to ongoing hardships, the filing deadline was then extended to January 15, 2019.⁶ Once again, the filing deadline was extended to February 14, 2019.⁷
- 7. Appellant resided and worked in the CNMI at the time of the disaster. Appellant's home was damaged and Appellant's personal belongings were destroyed or lost. Nonetheless, Appellant returned to work the following day and testified that she continued to work full time.
- 8. On June 17, 2019, Appellant submitted an application⁸ for unemployment assistance under the DUA program. In the application,⁹ Appellant self-certified under penalty of perjury that her employment was affected by the disaster but failed to demonstrate how or when her employment was affected.¹⁰
- 9. Appellant's Application included a copy of her Employment Certification and Letter from Employer. The employment certification does provide how Appellant was affected by the disaster. Further, no investigation was conducted on the veracity of statements in the Letter.
- 10. Appellant's application also included a copy of her Employment Authorization Card. At the time relevant to this appeal, Appellant was a foreign worker with employment authorization under Category C11.¹¹ Appellant's employment authorization under this category was valid from May 16, 2017 to June 29, 2019.
- 11. On June 18, 2019, the Department denied Appellant's initial application for the entire disaster unemployment period. Therein, the Department found that Appellant's application was untimely and she failed to show good cause for filing late.
- 12. On June 27, 2019, Appellant filed an appeal letter.¹³ The Appeal letter reiterated Appellant's difficult situation.

¹⁰ Appellant responded "No" on eligibility criteria and left the section for claimed weeks blank.

- 13. The appeal was transmitted to the Hawaii Employment Security Appeals Referee's Office (ESARO), who was originally designated to decide appeal cases for this disaster. Due to the ESARO's extensive backlog, the CNMI Department of Labor's Administrative Hearing Office was redesignated to hear first level appeals on April 6, 2022.
- 14. On May 9, 2022, the Administrative Hearing Office issued a Notice of Hearing¹⁴ informing the parties of the scheduled hearing and issues on appeal.
- 15. Appellant recognizes that the initial application was filed late.
- 16. When asked why the application was filed late, Appellant testified that she learned of the DUA program in 2018 but did not submit an application because she was busy recovering from the typhoon.

V. **CONCLUSIONS OF LAW**

In consideration of the above-stated findings and applicable law, the undersigned issues the following conclusions of law:

1. Appellant is not eligible for DUA benefits.

Under the DUA program, federal assistance is made available to eligible claimants from a specific geographic area that is adversely affected by a declared disaster. Pursuant to 20 CFR 625.4, an individual is eligible to receive a payment of DUA with respect to a week of unemployment if:

- (a) That week begins during a Disaster Assistance Period;
- (b) The applicable State for the individual has entered into an Agreement which is in effect with respect to that week;
- (c) The individual is an unemployed worker or an unemployed selfemployed individual;
- (d) The individual's unemployment with respect to that week is caused by a major disaster...
- (e) The individual has filed a timely initial application for DUA and, as appropriate, a timely application for a payment of DUA with respect to that week;
- (f) That week is a week of unemployment for the individual;
- (g) The individual is able to work and available for work within the meaning of the applicable State law...

(h) The individual has not refused a bona fide offer of employment in a suitable position, or refused without good cause to resume or commence suitable self-employment ...

(i) The individual is not eligible for compensation ... or for waiting period credit for such week under any other Federal or State law ...

Here, there are a number of eligibility issues implicated by the exhibits and testimony provided. However, the initial issue of timeliness is insurmountable. Pursuant to 20 CFR § 625.8(a), "[a]n initial application for DUA shall be filed by an individual with the State agency of the applicable state within 30 days after the announcement date of the major disaster as the result of which the individual became unemployed An initial application filed later than 30 days after the announcement date of the major disaster shall be accepted as timely by the State agency if the applicant had good cause for the late filing, but in no event shall an initial application be accepted by the State agency if it is filed after the expiration of the Disaster Assistance Period." (Emphasis added). Under the applicable state law, good cause is defined as (1) illness or disability of the individual; (2) keeping an appointment for a job interview; (3) attending a funeral or a family member; and (4) any other reason which would prevent a reasonable person from complying as directed. HRS § 12-5-81.

For the reasons stated below, the undersigned finds that Appellant's initial application is untimely. First, Appellant failed to apply by the February 14, 2019 application deadline. Second, Appellant failed to apply before the end of the April 27, 2019 Disaster Assistance Period. Instead, Appellant submitted her initial application on June 17, 2019 - almost two months later. For that reason, Appellant's initial application is untimely and Appellant is not eligible for DUA benefits.

DECISION VI.

For the reasons stated above, it is ORDERED that:

- 1. The CNMI Department of Labor's Disqualifying Determination, dated June 18, 2019, is AFFIRMED;
- 2. The Appellant is **NOT ELIGIBLE** to receive disaster unemployment benefits for the entire Disaster Assistance Period.

So ordered this **20th** day of July, 2022.

The handwritten case note identified the filing as a request for reconsideration. The server identified the filing as an appeal letter. Further, the Department official who received the document is no longer employed with the Department. Nonetheless, the Department treated the filing as an appeal considering a redetermination was never issued by the Department.

V. CONCLUSIONS OF LAW

In consideration of the above-stated findings and applicable law, the undersigned issues the following conclusions of law:

1. Appellant is not eligible for DUA benefits.

Under the DUA program, federal assistance is made available to eligible claimants from a specific geographic area that is adversely affected by a declared disaster. Pursuant to 20 CFR 625.4, an individual is eligible to receive a payment of DUA with respect to a week of unemployment if:

- (a) That week begins during a Disaster Assistance Period;
- (b) The applicable State for the individual has entered into an Agreement which is in effect with respect to that week;
- (c) The individual is an unemployed worker or an unemployed selfemployed individual;
- (d) The individual's unemployment with respect to that week is caused by a major disaster...
- (e) The individual has filed a timely initial application for DUA and, as appropriate, a timely application for a payment of DUA with respect to that week;
- (f) That week is a week of unemployment for the individual;
- (g) The individual is able to work and available for work within the meaning of the applicable State law...
- (h) The individual has not refused a bona fide offer of employment in a suitable position, or refused without good cause to resume or commence suitable self-employment ...
- (i) The individual is not eligible for compensation ... or for waiting period credit for such week under any other Federal or State law ...

Here, there are a number of eligibility issues implicated by the exhibits and testimony provided. However, the initial issue of timeliness is insurmountable. Pursuant to 20 CFR § 625.8(a), "[a]n initial application for DUA shall be filed by an individual with the State agency

of the applicable state within 30 days after the announcement date of the major disaster as the result of which the individual became unemployed An initial application filed later than 30 days after the announcement date of the major disaster shall be accepted as time by the State agency if the applicant had good cause for the late filing, but in no event shall an initial application be accepted by the State agency if it is filed after the expiration of the Disaster Assistance **Period.**" (Emphasis added). Under the applicable state law, good cause is defined as (1) illness or disability of the individual; (2) keeping an appointment for a job interview; (3) attending a funeral for a family member; and (4) any other reason which would prevent a reasonable person from complying as directed. HRS § 12-5-81.

For the reasons stated below, the undersigned finds that Appellant's initial application is untimely. First, Appellant failed to apply by the February 14, 2019 application deadline. Second, Appellant failed to apply before the end of the April 27, 2019 Disaster Assistance Period. Instead, Appellant submitted her initial application on June 14, 2019 – almost two months later. For that reason, Appellant's initial application is untimely and Appellant is not eligible for DUA benefits.

VI. **DECISION**

For the reasons stated above, it is ORDERED that:

- 1. The CNMI Department of Labor's Disqualifying Determination, dated June 27, 2019, is **AFFIRMED**;
- 2. The Appellant is **NOT ELIGIBLE** to receive disaster unemployment benefits for the entire Disaster Assistance Period.

So ordered this **3rd** day of August, 2022.
