- (e) Supervision shall be provided 10% of the total time worked per week;**
- (f) A minimum of two (2) hours per week of supervision, one (1) hour of which is individual face-to-face, in-person supervision by a licensed psychologist. At the Board's discretion, tele-supervision may be approved.**

(2) Organization of the post-doctoral supervised experience.

- (a) The supervisor is ethically and legally responsible for all supervisee work covered by the supervision agreement. Therefore, the supervisor has authority to alter service plans and direct the course of psychological work.**
- (b) Supervisees must use titles indicating their training status, such as "psychological resident," "psychology intern," or "psychology supervisee."**
- (c) Clients must be informed of the identity and responsibilities of the supervisor and how they can speak directly to the supervisor.**

If a waiver is granted, the supervisor still will routinely, on a fixed schedule, visit the site and conduct face-to-face supervision.
